

“Short Mat Times”

Dear All

Welcome to the 4th issue of the Newsletter. I am sure that we all thought that by now we would be able to get out and about and be back to playing bowls and meeting up with friends once again. I am hoping that you are all managing to keep yourselves busy and occupied while we still have to be in. If any you are finding it hard going and would like to let off some steam, just get something off your mind or just have a chat then do please feel free to call me , I am very happy to listen. My number is 020 8441 0284 or mobile 07816150924. In the meantime stay safe and well. Enjoy the newsletter . Margaret xx

We would like to be back in Uganda visiting the Gorillas. It was hard work climbing up to these mountain gorillas but well worth the effort when we did find them.. Peter & Margaret

Lyn wishes she was back in Australia or Vietnam

Carol and Tom sharing VE day celebrations with their neighbours,

We were on Holiday but where were we? Well, was Paul enjoying the surf whilst Julia was playing with a giant panda? Is Paul under the thumb or were we just in a big bubble? None of the above. It was a wet rainy day in Melbourne and we went to Artvo. Three hours of great fun were had in this impressive three D art gallery, revealed through the lens of our phone camera. We would love to take you all there and let you loose with your cameras. The special effects are amazing.. Paul & Julia

Remembering a great holiday at Bembridge. Dennis was the star bowler. Jeff

"Life isn't about waiting for the storm to pass, it's about learning to dance in the rain." Keep dancing! Ann
